

PROMISING RESEARCH RESULTS ON STANDARDISATION?

Talk to the experts & boost your research results!

HSbooster.eu, a Coordination and Support Action funded by the European Commission under the Horizon Europe framework, aims at boosting the entire European Standardisation dialogue between Horizon 2020 and Horizon Europe projects with corresponding Standards Developing Organisations (SDOs) to increase the European impact on (international) standardisation and strengthen the European competitiveness

Objectives

Develop an engaged community of European Standardisation Experts, increasing participation of research performers

Design and deliver HSbooster.eu services

Increase influence on new standards and support their development

Increase uptake of new technologies resulting from standardisation activities

Read more about the EU Standardisation Strategy

Services

If your project, ongoing or concluded, is funded under Horizon 2020 or Horizon Europe and involves standardisation activities, it can receive support via the following services

Helpdesk

H2020 and HE projects receive practical guidance and support to steer the research results towards the most promising standardisation pathway(s).

Consultancy

Through 5 open calls, H2020 and HE projects are selected to receive dedicated, specialised assistance in their standardisation efforts.

Main beneficiaries of the project

H2020 & HE Projects

Research Organisations

Organisations involved in standard development activities

SDOs

Policy Makers

Standardisation Experts

Consortium

HSBooster.eu has received funding from the EU's Horizon Europe research and innovation programme under Grant Agreement no. 101058391
